

Purple Fountain

Weeping European Beech

(*Fagus sylvatica* 'Purple Fountain')

A seedling selection, which, unlike its parent 'Purpurea Pendula', has an upright habit, so it grows tall and narrow without training. Weeping secondary branches and purple-red leaves create an outstanding specimen. Rare, and highly prized.

Characteristics

Height	20'
Spread	10'
Shape	Weeping
Foliage	Purple Red
Fall Color	Orange Red Yellow
Exposure	Full Sun to Part Shade
Hardiness	Zone 4
Deer Resistance	High
Annual Growth Rate	12-15"
